New Zoning On The Way

Village Dads Seek Members for Committee Job

Arlington Heights village board started the machinery in motion Monday night that is expected to bring about a modern zoning ordinance that will permit the orderly development of the town without injury to existing property values. Attorney Hugo J. Thal was directed to prepare an ordinance designating the membership of a new zoning board. Mayor Fentie asked the village trustees to present the names of men and women who are qualified to serve as members of such a body.

There is a lot of talk about a new zoning ordinance in Arlington Heights every time board members are placed "on the pan" by property owners who for economic reasons desire to break the provisions of the present code. After six weeks of squabbling over a permit for a two flat on North Dwyer, the board members since last meeting have been congratulating themselves on the deft manner in which the latest zoning problem had been solved.

Monday night the problem was again with them. This time the applicant is Bertha Becker who desires to change her residence, 28 North Belmont, into a two flat. After nearly an hour spent in talking about what should be done, the motion was passed directing Attorney Thal to start the wheels in motion that is expected to bring about the millennium in Arlington Heights zoning affairs.

All members of the board agree that some property owners are entitled to relief; some board members favor exceptions to present code; others say, "treat everybody alike."

R. R. Man Flips Train; Loses Foot, Perhaps Life

Wm. Daley, a special agent for the Chicago & Northwestern railroad fell beneath the wheels of a gondola car, he was attempting to board early Wednesday morning in the Barrington railroad yards. He is in the Sherman hospital in Elgin in a very serious condition. Physicians have amputated his right foot and the other may have to be similarly treated.

Daley says that as he attempted to board a car, his hand slipped due to fresh paint. Two shots from his gun attracted the attention of a fellow employee.

Girl Arrives At Home Of Prominent Scouter

Chuck Close can be excused if he turns his interests in scoutcraft to the needs of the girl scouts. Chuck has always been a pretty good scout and never lets a job go half done. That explains why he has been especially active in the local boy scout drives the past few months.

Chuck had all but taken out a life membership as a Scouter when a charming nurse at the Evanston hospital Monday calmly announced to him that the new arrival was a girl. The new daddy is happy as daddies are always happy, but if you see a frown on his face it is because he is trying to figure out a way to transfer his scout membership into the girl scouts.

A thousand congratulations, Chuck and if you want first hand information on the care of a baby daughter, come over to the home of this junior editor who has himself learned a lot during the last six weeks.

Mrs. Harry Henrichson To Talk Before Prospect Hts. P.-T. A.

Mrs. Harry Henrichson, president of the Council of the North-western suburbs of the Illinois Congress of Parents and Teachers, will be the guest speaker at the regular meeting of the Wheeling Center school, which will be held at the school house at 8:00 o'clock on the evening of March 12.

Mrs. Henrichson will discuss the work of the National and State Congress and how the local units perform their part in this great American folk movement.

The entertainment portion of the evening program will include violin selection by Wilber Rogers of Prospect Heights.

Election of officers for the coming school year will head the regular business portion of the meeting. The hospitality committee, which is headed by the co-chairman, Mrs. Frank Kaupp and Mrs. Ed. Mueller, will serve refreshments following the meeting.

Final Paper Collection

Due to the bad weather last Saturday the collection of old newspapers by the boy scouts for the benefit of the dental fund, could not be completed. An attempt will not be made this Saturday to complete the work. If you desire the boys will call at some particular hour or to be sure that you are not missed, you are asked to phone Arlington Heights 218-M.

To Regulate Subdivisions in Rural Areas

County Board Takes First Step To Control Shack Town Building

Smith & Dawson, developers of Prospect Heights, stated Wednesday that they highly approved of the action of the county board in setting up minimum areas for homes with independent water supply and sanitation.

"When we started operations in the Arlington Heights territory," said Mr. Smith, "we made it our rule that no less than 30,000 square feet be provided for every house, thereby insuring good water and proper sanitation. The county board is now asking all the subdividers in Cook county to do something that we have been doing for years."

A measure to protect the health of residents of the unincorporated areas of the county and to prevent the construction of homes and factories in unhealthy proximity were adopted Monday by the county board of commissioners.

Clayton F. Smith, president of the board, introduced an ordinance which provides that subdividers may not create or sell building lots of less than 20,000 square feet or approximately one-half acre.

100 Foot Frontage Required
The lots must have a frontage of at least 100 feet. The ordinance provides that, except to the 20,000 foot minimum, down to 7,500 square feet, may be made only with approval by the state health department of sewage and water facilities on each lot.

Approval of the state health department must be obtained on existing or proposed water and sewage facilities before a well can be dug, a sewage disposal system installed or a building constructed.

Tells Reason for Rules
Pres. Smith said 20,000 sq. foot ordinance was adopted because areas are beginning to develop in the county where the building lots are so small that it is impossible to dig safe wells because of the closeness to septic tanks or other sewage disposal facilities.

Earl B. Skoog Badly Injured When Car Runs Into Freight Train

Earl B. Skoog of Arlington Heights was severely injured early Saturday morning when his car struck a freight train on the Chicago North Western belt line where the tracks cross Rand rd., near Des Plaines.

Mr. Skoog, brother of C. H. Skoog, chief of police of Arlington Heights, was taken to St. Francis hospital where examination disclosed that he had a severe head concussion, three broken ribs, a ruptured kidney and spinal injuries, broken bone in right knee.

Skoog is employed by the Public Service Company and resides with his brother at 728 N. Evergreen st., Arlington Heights, who reports that he is recovering as rapidly as possible.

Old Codgers Young In Thought If Not In Age

An exception has been taken by a few of Arlington's bachelors who have asked why their names were not included among the leap year swains published in last week's issue. As Geo. Volz says, "we may not be young in years, but we are young in thoughts and a proposal from any charming maid would be the greatest possible compliment to any one of us old timers."

Ladies, these fellows have not many more years before them and there is no greater good turn that you could do than to say, "will you?" Here are the names of Arlington Heights bachelors who are over forty years of age and are halter broken:

Geo. Klehm, A. C. Wilcox, John Fimbach, Ross Davis, Geo. Volz, Tony Pfundstein, Edward Geffert, Geo. Windelman, Fred Hinz, Alex Lips and Frank Schulenberg.

Arthur Franzen On Way To Southern Climes

Arthur Franzen, cashier of the Arlington Heights National Bank, with Mrs. Franzen, are on their way to points south where they will enjoy a three week's vacation. Hearing so much about cold weather in Florida, Mr. Franzen did not announce any particular itinerary that he would follow but postal cards received by his assistant, Wm. Gronert, tell the story of his journeyings.

MR. AND MRS. E. H. DEIKE, who have the distinction of operating the last old time countryside store in northern Cook county. Established on the Deike farm in Elk Grove on Route 53, forty-three years ago, it has outlasted similar establishments that at one time marked every farming community, in this section of the county.

Early in this century, the Deike creamery and blacksmith shop drew farmers from a large district to the Deike corner. Tractors replacing horses have forced out the blacksmith shop; large milk companies have closed the butter factory, but the farmers in the Deike neighborhood remain loyal to their own store, where they can conveniently purchase their daily needs.

Ask Show Down On Mt. Prospect Assessm't Funds

Citizens Committee Appointed To Learn Of "Inherited Troubles"

At last the people of Mt. Prospect are going to learn exactly the status of the special assessment accounts, which recently brought about a judgment against the municipality and an increased tax levy as ordered by the courts.

Twenty questioning citizens appeared before the village board Tuesday evening and demand the facts. The discussion terminated with the appointment of a citizens committee to meet with the board members with the object of obtaining a clear picture of the so-called inherited troubles of the present board. A detailed report has been promised to be released for publication. The men chosen to serve on that committee are Harold Willson, Ed. Glaeser, E. C. Doyale and Roy Lindgren.

It is understood that a former village treasurer of Mt. Prospect did exactly the same as treasurers of many other municipalities, viz.: paid off bonds and coupons regardless of the specific assessment for which the money had been collected. Efforts in Mt. Prospect to settle with the sureties, who are local people, have been fruitless.

Alfred Albers, bank receiver, in forcing the issue, brought about a judgment against the village.

The municipality is being threatened with other suits and in order to prepare a proper defense recently went to considerable expense to obtain an audit of the special assessment records.

Baby Conference At Health Center Is Next Tuesday

Next Tuesday is the date for the next baby conference, the Arlington Heights health committee announced this week. Mothers who have no private physicians may confer with the doctor on problems of feeding and care of their children between 1:00 and 3:00 p. m. at the Arlington Heights health center.

Dr. H. G. Reid will be the conference physician, assisted by Mrs. Adele Pino, community nurse.

Arlington Recreation Park To Be Scene Of Earl Friedrichs Dance

Earl Friedrichs and his orchestra is offering a dance to music from the lovers of Arlington Heights and surrounding communities this Sunday night at the Arlington Heights Recreation Park. Dancing will begin at 8:30. Waltzes, fox trots, novelties, and other entertainment will be included in the evening's fun.

Alaskan Railroad Executive To Address Presby. Men's Club

Harold Snell, assistant general manager of the Alaskan railroad, will appear before the Presbyterian Men's club, March 29. Colored movies of the northern territory will also be shown.

E. H. Deike Recalls Good Old Days

E. H. Deike, proprietor of Cook county's last old time countryside store, gets a lot of pleasure out of the grocery-hardware business that he conducts on his farm in western Elk Grove township. He never worries about chain store competition or the business that the automobile is taking away from Deike's corners, which in the news columns of the Cook County Herald of forty years ago, was the center of a live farming community.

Oil lamps are still being sold; coffee is ground on the hand operated coffee mill, but the open cracker box is gone as is the tobacco box, which in the old times Mr. Deike kept filled with free tobacco for the use of his customers. Free clay pipes were also furnished for those who sat around the old coal stove waiting for the shoeing of their horses, and the arrival of the mail over the star route from Itasca.

They discussed national and local politics, were in no hurry to return home and looked upon Mr. Deike as their personal friend, legal counselor and sometimes banker.

"Every week or two," says Mr. Deike, "the editor would drive up with his team of horses and probably a colt along side. He often stayed for dinner and when the hour was too late, would remain over night, partaking of the Deike hospitality. Many Herald subscriptions were sold over the Deike grocery counter to the German farmers, the majority of whom had never before taken an English newspaper."

Mr. Deike has three things of which he is especially proud. He claims to be the first subscriber to the Cook County Herald in his section of Elk Grove; he installed the first telephone, and was the first customer of the Public Service Co., even if he had to fight two years to get electric service in his district.

E. H. Deike started out as a farmer; seeing the need of a community store he opened a butter factory and general store in December, 1897. A blacksmith shop was added and Deikeville came into being. The Deike store did not stand still when modern merchandising methods began to appear in neighboring communities. The proprietary built a new home for himself and for his store and today Deike's is the trading place for families whose fathers and grandfathers were wont to do their buying there.

Traveling south on Route 53, the average motorist will "pass up" Deikeville but if you want a bit of local color and will enjoy meeting an old time store keeper with a bit of old time hospitality stop at "Deikeville."

(Note Deikeville is about a half mile south of the WGN radio tower on the left side of route 53).

Food Buyers To Get A Break This Week-end

The housewives of the Arlington Heights trading center have a golden opportunity this week-end to save a lot of money in their food buying. Many of the larger food stores are using additional space in their week-end specials.

It is the third anniversary of the Quality Market and the Quality Store. Advertising space for each has been doubled.

The opening of the new self-help A&P store on Tuesday, drew unusual crowds to that store for its opening.

That store is using in the Herald this week one of the largest food ads. ever inserted in this paper.

Krause's Cash Market has long been recognized as an outstanding store for values and quality of its meats. A quarter page ad, tells of the specials for Thursday, Friday and Saturday.

Other food stores that are advertising real food values this week are Sadecky's, Gieseke's and Schmidt's Market. Of course Mors Bakery always has its week-end special which in this instance is a nut filled coffee cake.

Young Democrats To Hold Annual Breakfast

The annual breakfast of the Young Democrats of Wheeling township will be held at Simson's Restaurant at Rand and Euclid rds., Sunday, March 10, at 12:30 p. m.

This is an annual affair with the Wheeling Township Young Democrats acting as hosts to the young Democratic leaders from the country towns of Cook county.

Colonel Alexander L. Brodie, Coroner of Cook county, will be the principal speaker. The club feels highly honored by the anticipated presence of Colonel Brodie, who is a famous legionnaire as well as one of the outstanding men of Illinois.

Peter M. Keliher, an attorney affiliated with the subway project, will also be present to speak briefly concerning the development of the Chicago subway. The entertainment committee has announced that it will have other prominent guests among whom will be Edward J. Kaindl, county recorder, and J. Frank Lyman, clerk of the Probate court.

Tickets to the breakfast will be seventy-five cents and may be secured from any member of the Young Democratic organization.

Local Choir Sells Tickets for Concert Of Jeanette McDonald

The Presbyterian choir of Arlington Heights are handling the ticket sale in this territory for the concert of Jeanette McDonald, which will be held April 3 at the York high school auditorium, Elmhurst.

Lions Told Lincoln Murder Was 'Inside Job'

Author-Historian Speaks Before Palatine And Barrington Clubs

Mr. Otto Eisenschiml, lecturer and author, who has made an exhaustive study of the assassination of Abraham Lincoln, charged in effect that the murder of Lincoln was engineered by persons inside the government who were opposed to Lincoln's peace policies with regards to the Confederacy.

The speaker who gave his lecture before the joint meeting of the Palatine and Barrington Lions clubs last Thursday evening has spent many years in examining all the angles of Lincoln's assassination and he pointed out to his audience the facts that pointed to the murder being an "inside job."

General Grant who was to be at the theatre with Lincoln that night was warned to stay away by Secretary of War Stanton, who told him there was "trouble in the air."

Grant stayed away on a flimsy excuse.

Following Booth's attack on Lincoln all telegraph wires out of Washington were out of commission for two hours and no one ever knew why.

The hunt for Booth was conducted in every direction except that in which Booth went.

An officer of the army who located Booth and wired headquarters for orders, was ordered to report back to headquarters at once.

When Booth was finally taken the public orders were to take him alive, but he was killed and those who killed him were promoted.

All who were arrested in connection with the murder plot were kept as far as possible from talking to anyone and some lawyers who represented them were taken care of with fat government jobs.

Some of the plotters who were sent to prison were put in solitary confinement and not allowed to speak to anyone.

Lincoln's body guard was absent from his post when the attack was made.

All of these and many other circumstances all dovetailed in the speakers summary to show that Lincoln was put out of the way by persons in his own government who feared that his friendly peace with the South would bring about their own removal from office and a return of the slavery problem in the United States if the northern minority were permitted to gain the ascendancy.

Regardless of whether or not all his listeners agreed with him, the speaker at least gave an intensely interesting talk which held his audience spell-bound for two hours.

He was one of the most interesting speakers ever to appear on a Palatine program. He is author of a book setting forth his views which was mentioned in the advertising columns of Sunday's newspapers.

Barrington Farmer Disregards Stop Sign
William Hoffmeier, Barrington RFD, was driving north on Barrington road Tuesday afternoon, when he failed to heed the stop sign at the intersection of Barrington and Dundee roads. His car collided with a new Nash towing a second car that was being driven from Kenosha, Wis., to Oklahoma City, Oklahoma, by Harold Dorris, of the latter city.

Hoffmeier was taken to the community hospital at Palatine where his injuries were found to consist of scalp lacerations and abrasions, cuts on knees and possible fracture of rib. Dorris sustained slight injuries.

Arlington Heights Police Dept. To Use County Radio Station

While no official announcement has been made by the police department it is understood that an informal approval has been given by the board for the purchase of a two-way radio for the Arlington Heights police car, using the facilities of the county highway station.

Jimmy Kaye's Orchestra Gains Many Followers At Arlington Ballroom

Already acclaimed by a large following of dancers in their first appearance at the Arlington Ballroom, Jimmy Kaye and his orchestra have again been engaged this Sunday.

His shuffle rhythm music has already won the appreciation of the dancing public and may be heard on Sunday nights at the ballroom for a limited time only.

Funeral Rites For Myrtle Thomas Saturday

Miss Myrtle Thomas, 1666 Kensington road, died Tuesday evening. Funeral will be held Saturday afternoon at 2:30 at the Arlington Heights M. E. church. Remains are at Lauterburg & Ochelchapel.

Secures Lease On Hume Pipe Co. Property

Arlington Heights is to have a new manufacturing company. The property known as the Hume Pipe plant, east of Searsdale, where the large cement pipe was constructed for Arlington's big sewer, has been leased to a newly organized company, which will manufacture an insulation material, made out of mineral wool, a supposedly improvement over rock wool. It is reported that the new company is an offspring of a parent firm, which has been operating in the insulation field for many years, but in the past has been required to purchase a considerable part of the materials, which will now be manufactured by the subsidiary company.

The Hume Pipe Co., which was a subsidiary of the Spencer White organization, builders of the big sewer, has been dissolved and the property used by them has reverted to the original owner, George Kirchhoff. Mr. Kirchhoff has entered into a direct lease with the new firm. Bert Wild is attorney for Mr. Kirchhoff and Attorney Harrold of Chicago represents the leases.

Improvements are being made on the old property, which had been very much wrecked by vandals and junk dealers. Arlington Heights village board received a request Monday evening for a permit to use city water through the same pipes that supplied the Hume Pipe Company. The request will be granted when the company meets the requirements.

Sale of Dies Lecture Tickets Nears Quota For Arlington Heights
Arlington Heights quota of Martin Dies lecture tickets is eighty-five. Sixty-five have now been sold and Mrs. Harry I. Sebert, local ticket chairman, is confident that the quota will be met.

Congressman Martin Dies has created more news copy for the press of the country than probably any other man in Washington, except President Roosevelt. His investigation of un-American activities in the United States has been headline stuff in daily newspapers throughout the land.

Months ago, before he gained his present prominence, he consented to deliver a lecture under the auspices of the club women of the seventh district for the benefit of the newly formed district student loan fund. He will make good that promise March 20 at the Carl Schurz high school, Milwaukee ave. and Armon st., Chicago. Tickets are one dollar.

Congressman Martin Dies' specific work as chairman of the committee for investigation of Un-American activities is more far-reaching than mere partisan politics and every good citizen should wish to know more about the patriotic service the Dies committee is performing.

License Time For Business Firms

Police department has been asked to cooperate in the collection of 1940 business licenses. The municipality needs the money and local business men are asked not to take offense when an officer calls with your statement. The village is saving postage stamps and a personal call may hurry the collection.

Appoints Custodian of Village Dump

Paul Incaperno has been officially appointed custodian of the village dump, which appointment relieves the police department of supervision over that department. Paul has discovered that there is an occasional local market for ashes, tin cans, etc.

Old Police Radio Brings Ten Bucks

The old police car radio has been sold for \$10, which has become obsolete and can not be used on the contemplated hook up with county radio station.

Due to increase in wholesale prices, an increase of one dollar in the price of water meters was directed by the board.

Bills and payroll totaling \$2,049.38 were authorized for payment.

Clerk was instructed to forward to the Creamery Package, the latest reports from the state regarding acid conditions at the sewage treatment plant with a request that condition be remedied.

Police department reported receipts of \$65 in business licenses and \$900 in fines, assessed during the previous quarter. A new method of checking fine deposits has been put in force.

Order Removal of Horse and Buggy Relic

Ever since the days of the horse and buggy when a horse drinking fountain at the entrance of the National bank, was lighted at night, there has been a live wire beneath the pavement that occasionally sizzles and makes known its presence. The village ordered the street department to break sufficient pavement to remove the connection.

CHRISTIAN SCIENCE CHURCHES
"Christ Jesus" was the subject of the Lesson-Sermon in all Churches of Christ. Scientist, on Sunday, March 3.
The Golden Text was, "God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ" (II Corinthians 4:6).
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people" (Matthew 9:35).
The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Jesus established his church and maintained his mission on a spiritual foundation of Christ-healing. He taught his followers that his Father had a divine Principle, which would cast out error and heal both the sick and the sinning" (p. 136).
Dr. Maier Charges Attempt to "Chloroform" Christian Truth
An attempt to "chloroform Christian truth" is gaining nationwide momentum, Dr. Walter A. Maier of Concordia Seminary said Sunday in his coast-to-coast Lutheran Hour broadcast. The program, now heard over 162 stations in the United States, Ecuador and the Philippine Islands, is said to be the largest religious radio broadcast in the world.
The noted theologian urged American Christians to unite in protest against "the callousness with which unfounded criticisms are aimed at Christian teaching." Even some Sunday school publications, he asserted, are insidiously seeking to explain away the deity of Jesus and to destroy the comfort of Christ's atonement.
Citing the "majestic serenity" with which Christ endured his suffering and crucifixion, Dr. Maier declared many of the pampered minds of today will find it difficult to endure the reverses the future may hold for them unless they are strengthened by faith in Christ and ready to suffer uncomplainingly.
The Lutheran Laymen's League which sponsors the broadcast with the cooperation of the International Waltham League, announced that 11,571 letters were received from radio listeners last week, and that Dr. Maier has become one of the country's largest individual recipients of mail—with a weekly average of almost 7,000 letters.

There Is Glamour In the Drug Store
By C. W. Lussman of Sieburg Pharmacy
The glamour of far flung countries, the romance of strange ports and distant seas stands bottled and packed on the shelves of the modern pharmacy.
Ginseng from China, mercury from Spain, cinchona bark from South America, strange herbs and roots, skillfully, accurately compounded into healing fluids, powders, ointments, are at the command of the trained druggist, will serve your need in illness.
Your doctor knows what tonic or medication your system needs. His written order is a strict law to the honest druggist. Take all prescriptions to a trained pharmacist who will never degrade his profession by substituting and who has all the resources of modern science at his command.

Director Predicts Return of 2-Reelers
FROM directing custard-pie-throwing zanies to supervising the filming of the stark tragedy of Lennie in "Of Mice and Men" is the far road that one of Holly-

wood's most famous directors has traveled. That man is Hal Roach, pioneer of filmland, president of Santa Anita racetrack, polo player, and big game hunter, just to name a few of his interests.
Mr. Roach's propensity for gambling on hunches is described by Irvin S. Cobb in the April Cosmopolitan. Summoned to Hollywood by an intriguing telegram from Roach, Mr. Cobb was astonished to learn that his presence there was not due to his writing ability but to the fact that Mr. Roach had a hunch that the writer turned actor would be funny. He wasn't, but any gambler has to miss once in a while.
Movies claimed Mr. Roach for their own when he wandered onto a set and became an extra for a dollar. At that time he was on a vacation from a job with a contracting concern in Washington State and had intended to be a contractor for the rest of his life. The business of movie-making, however, captured his lively imagination and he is still at it.
Mr. Roach's pet dream is of the return of two-reel comedies, which event he confidently predicts.

Australia's Future
Pointing to "Australia's future place in the Pacific, her very existence perhaps" Prof. Stephen H. Roberts urges the New South Wales government to teach American history in its schools.
Earth's Only Satellite
The earth's only satellite is the moon which is about 238,000 miles away.
Black Gangsters
"Black gangsters" are causing anxiety to the Johannesburg, South Africa, police, who have noticed that bands of criminal natives have started carrying arms and using high-powered cars.
Man's Supremacy
Primitive man gained supremacy on the earth because of his hand and his eye.

GEMS OF THOUGHT
Occupation
Indolence is a delightful but distressing state; we must be doing something to be happy. Action is no less necessary than thought to the instinctive tendencies of the human frame.
—Hazlett.
Absence of occupation is not rest. A mind quite vacant is a mind distressed.
—Cowper.
As every thread of gold is valuable, so is every moment of time.
—John Mason.
All successful individuals have become such by hard work; by improving moments before they pass into hours, and hours that other people may occupy in the pursuit of pleasure.
—Mary Baker Eddy.
He lives long that lives well, and time misspent is not lived, but lost.
—Fuller.
This is the gospel of labor. Ring it, ye bells of the kirk; The Lord of Love comes down from above To live with the men who work.
—Henry van Dyke.

Meaning of Chinese Names
Hong Kong means the "fragrant port"; Shanghai, "above the sea"; Soochow, "a city awakening"; and Ningro, "a smooth wave."

Diet For Safe Weight Control

Safe weight control demands constant vigilance and low calorie foods, including milk, at home or elsewhere.

What is safe weight control? Proper diet is most important, says the National Dairy Council. And weight reduction can be obtained under normal circumstances without injury to health if a person will live a well regulated life and follow a diet adequate but low in calories.

Leading medical authorities have consistently stated that diet is the most important remedy offered for removing excess fat from normally overweight people, as each pound of excess body fat represents 4,000 calories that have been added over and above body needs.

Loss of weight is a matter of physiologic bookkeeping and Dairy Council nutritionists advise "exercise of the intelligence" as an effective slogan. Too much emphasis on physical exercise has the disadvantage of stimulating the appetite.

Foods considered essential to reducing and quantities for daily consumption are: 1 pt. milk for calcium, vitamin A and protein; 6 servings vegetables and fruits for vitamins and minerals; 1 serving lean meat for protein; 1 serving eggs; 1/2 ounce butter for vitamin A and palatability—1200 calories in appetizing foods. A safe reducing diet includes:

Breakfast
1/2 grapefruit
1/2 cup cornflakes
1 slice graham toast
1 glass milk
1 tablespoon cream (20%)
1 pat butter

Lunch
2 oz. cheese
1/4 head lettuce, mineral oil dressing
1/2 cup carrots
1/2 cup strawberries
1 slice graham bread
1 pat butter
1 glass milk

Dinner
2 oz. lean beef
1/2 cup string beans
Salad—2 lettuce leaves, 1 tomato
1 peach
1 slice graham bread
1 pat butter

Milk can be served in so many forms that the widest variety of choice is added to the diet.

Boy Scout Roundup Set for March 25 At Barrington

Barrington has been selected as the stage for the annual Boy Scout Round-up for the Northwest Suburban Council according to M. C. Rhodes, council chairman of the camping and activities committee.

The Round-up which in former years has been called a "Mobilization" is slated for Easter Monday, March 25. On that day from 400 to 500 Scouts will trek into Barrington from all parts of the Council for a one-day stand.

The scouts will first attend the Catlow Theatre as guests of the management. The group will then hike out to the Jewel Tea company where John Bell, former president of the council, has made arrangements for a tour of the plant, finishing up with refreshments furnished by the Jewel Tea. A visit will also be made to "The Enclosure" where the Buffalo herd is kept.

The complete program for the afternoon will be announced next week. The committee formulating the plans for the Round-up consists of the following: B. C. Rhodes of Park Ridge, general chairman; Robert A. Granger of Barrington; Ray Atkinson of Arlington Heights; Walter C. Strassheim of Park Ridge; E. J. Anderson of Des Plaines; John Bell of Barrington; and Donald E. Kyger, Scout Executive.

I think we all know Eddie Duenn. The best in bowling he has been. He's bowled for years on Monday night. So that is proof that he's all right.

Why, when he was about nineteen he was the best you've ever seen. His average was the highest then. The best in town was Eddie Duenn.

It's been about twelve years or so. To a tourney the boys did go. In doubles, Hesch and Eddie bowled. They might as well have never rolled.

You know they felt so very fine. It must have been the first of wine. Just thru the motion "Dimey" went. The entry fee for naught was spent.

Now we've discovered in a test. It's with the printers he bowls best. In match games it is not so poor. To average a hundred an 'eighty-four.

He likes the Sox, but not the Cubs. To him they are the "Wrigley Dubs". It's not the team so much he likes. But it's the manager "Jimmy" Dykes.

He's worked at Paddock's a long time. It's been so long it wouldn't rhyme. At printing folks, he's really good. In bowling terms, "He knows his wood".

To Eddie Duenn we're glad to pay. A tribute to him in this way. With many virtues he is blessed. We rate him with the very best.

Junior Women To Hear Welfare Talk

Mrs. Pino, the village nurse, will talk to the members of the Junior Woman's club at their next meeting which will be held on Monday, March 11 in the Lauterburg club room. This meeting is in charge of Mrs. George Hauff, public welfare chairman.

Clubwomen Hear Plea For Better State Legislation

Mrs. Laura Hughes Lunde, secretary of Joint conference on legislation in Illinois, spoke before the members of the Arlington Heights Woman's club at the regular meeting Wednesday afternoon.

In an instructive talk Mrs. Lunde told of situations in Illinois that need to be remedied by legislation. Among other things she pointed out that because of the Illinois constitution there can't be a tax system suitable for an industrial state, and told how taxes are distributed.

Mrs. Lunde also stressed the need for state reapportionment, bringing out the fact that we are not represented according to population of today but the population shown in the census of 1900. She expressed the hope the legislature would reapportion the state when it met in 1941.

The speaker discussed several matters to be brought before the next legislature. These included the need for change in relief administration, a bill to permit the use of voting machines, a vote of government, and a change in the set-up for school management.

As ways of taking politics out of government Mrs. Lunde suggested honest elections, a big vote of the citizens, and the provision that people who have governmental jobs should be trained for them, and there should be a tenure law to protect such workers.

The talk ended with a plea for all citizens to seek better legislation for Illinois.

Friendly Class To Meet Wednesday

The Friendly class of the Presbyterian church will hold their regular monthly meeting on Wednesday afternoon, March 13, instead of their usual day on Tuesday, due to the Preston Bradley book review which will be presented on Tuesday.

Dessert will be served at 2 p. m., followed by an interesting program.

Preston Bradley To Speak Before Local Women's Clubs

Anyone in Arlington Heights will be most welcome at the Field House next Tuesday afternoon, March 12, at 2:30 when Dr. Preston Bradley will give one of his famous book reviews. Many who have heard his voice over the radio will welcome this opportunity to become acquainted with his unique personality. He will review Shalom Asch's "The Nazarene" which has been selected as especially appropriate for this Lenten season.

This unusual program is being brought to the community by the Women's clubs of Arlington Heights, Palatine and Mount Prospect. The Literature committees of these clubs will serve tea following the lecture. An admission fee of 25c is being charged.

Grade School Music Festival Friday Night

Two hundred children of the north and south schools will present a musical festival on Friday evening of this week at 8 p. m. in the township high school.

The grade school orchestra will play, the glee club and chorus will present several numbers and the primary grades will be represented with a rhythm band.

The music department has been working hard for some time to prepare this excellent program, which will give the parents an opportunity to hear the splendid progress that has been made.

Tickets are on sale at 25c for adults and 15c for children. The net proceeds from the program will be used to further the work of the music department.

Seventh Grade Party Held At Mrs. Neil Laurin's

The boys and girls of the seventh grade of the North School enjoyed a party at the home of Neil Laurin last Friday evening when games and dancing made the evening a happy one. Committees from the room had charge of the entertainment and refreshments. Mr. Gibbs, the teacher of the seventh grade, chaperoned the party.

American Legion Auxiliary Notes

Merle Guild Unit No. 208 American Legion Auxiliary held its March business meeting Tuesday evening, 9th district director, Mrs. Victor Pecchia, was guest of honor as March is the month when the Legion Auxiliary have their community program. The presidents, or representatives from all the women's organizations were invited to speak of the work of their organization. The distinguished guests were Mrs. Bruce Jarvis with three members of her camp fire group who told of their work and rewards. Mrs. Russell Ford from the nurses club, Mrs. G. Rex Volz from the P.T.A., Miss Virginia Weber from the Jr. Woman's club, Mrs. Forrest Nichols who represented both the Woman's club and the Friendly class, Mrs. A. Rector spoke for the Mother's club, Mrs. Al Russell spoke for the Dorcas Aid and Mrs. Joseph Wisersky for the St. James Guild. The talks were both interesting and enlightening. With so many women working for the good of the community, no wonder Arlington Heights is such a lovely place to live.

After the meeting adjourned the hostesses, Miss Laura McElhose, Mrs. Arthur McElhose and Mrs. Walter Neubauer, served refreshments.

A birthday cake was the center piece, flanked by candles which was the gay gelatin dessert, gave a festive touch.

The guests and members sang the birthday song for Mrs. Pecchia whose birthday falls on March 7.

The cake and presents were a complete surprise to Mrs. Pecchia.

Mrs. Clyde Jones returned on March 1 from a two week's visit from Chanute, Kansas. Mrs. Geo. Palmer is home from the Northwestern hospital and getting along nicely.

Mrs. Violet Rector asked for cookies to take to Elgin the third week in March.

Mrs. Paul Carroll is taking reservations for the dinner in honor of the department president, Mrs. Geo. Cassidy, to be given at the Wonderland Ballroom, Central Pk. and Milwaukee ave., on March 14.

The card parties for the Veterans at Hines hospital, will be on March 13.

Mrs. Roosevelt Calls Votes For Women Boon to U. S.

THE coming of age of women's suffrage is marked by a great change in the public attitude toward humanitarian questions that deal with the happiness of human beings, such as health, education and security, according to Mrs. Franklin D. Roosevelt.

That women have treated the vote in much the same manner as men, is the First Lady's flat opinion, expressed in the second of a series of three articles dealing with women in politics which appears in the March issue of Good Housekeeping. There is no doubt, she says, that acting as groups, women have exerted pressure in national questions, but in voting they branch out as individuals, making their decisions as men do on separate merits of the questions of people involved.

"We have had, of course," continues Mrs. Roosevelt, "a few failures among women who have taken office either because men have urged them to do so, or because they have followed in their husbands' footsteps. When a woman fails, it is much more serious than when a man fails, because the average person attributes the failure not to the individual, but to the fact that she is a woman."

As far as the ever lively question of temperance is concerned, Mrs. Roosevelt admits that the Women's Christian Temperance Union undoubtedly had a great deal to do with the passage of prohibition when they did not have the

vote. However, on the other hand, many groups of women worked earnestly for repeal, basing their judgment on the long view that prohibition seemed to be developing a disrespect for national law.

Returning to the question of humanitarian moves, Mrs. Roosevelt acknowledges the fact that there were many men who recognized the necessity for such legislation but states her belief that many more women would have delayed immediate action had it not been for their realization of the power of the votes and continued support from women voters.

Pointing out the fact that there are certain governments which deny the efficacy of suffrage for both men and women, Mrs. Roosevelt states that the question should not be discussed from the standpoint of whether or not women have proved in twenty-one years that they should have suffrage, but whether or not suffrage should be granted to individuals who have an equal right to a voice in their own government.

Mr. & Mrs. Wm Wilke Observe Silver Wedding

Mr. and Mrs. Wm. Wilke, 318 W. Mueller st., were married twenty-five years Wednesday, Feb. 28, Tuesday evening they went to the home of Mr. and Mrs. Martin Wilke to a social evening and were surprised by a family party of sixteen who had gathered in their honor.

Among the gifts was a purse of silver coins, a beautiful silver-white cyclamen and many greetings. A marvelous cake decorated with silver flowers, leaves and ribbons, which looked too beautiful to cut, was served during the buffet supper.

Mrs. Emma Friese was unable to attend, but was in the secret when the co-conspirators, Richard Wilke and Clara Koenig, were planning the party and enjoyed all the details.

Mr. and Mrs. W. A. Karstens entertained guests in honor of Mr. and Mrs. Wilke Wednesday evening. The program was varied with congratulations, games, gifts, cards and a silver servette. Supper was served and a beautiful cake crowned the table with silver decorations, roses, leaves and a miniature horseshoe, giving expression to a wish for years of peace and prosperity for Mr. and Mrs. Wilke in their future years.

Anne Hirst Writes Piece About Petting

A PROBLEM that continually baffles parents and school authorities and, while certainly not new, is of large importance in the United States lies in the attitude of young boys and girls today toward

Former Higgins-Canfield Girl Weds Chicago Lad

Miss Phyllis Schmuck, daughter of Mrs. Lillian Schmuck, of 2325 N. Sacramento ave., Chicago, became the bride of Ervin Siemers, son of Mr. and Mrs. Frank Siemers, of Schiller Park, Saturday afternoon. The ceremony was held at the home of the bride's mother at four o'clock and was performed by the Rev. Robert Brod of Mannheim. Mrs. Schmuck and her daughter formerly resided at Higgins-Canfield.

The bride wore white satin with a long veil and carried white carnations and sweet peas. She was attended by her sister, Miss Lois Schmuck, who was attired in blue satin and held pale pink carnations. Dresses were made by Mrs. Peter Van Bergen, and Mrs. Harold Sasse. The best man was Ed. Siemers, brother of the groom.

Supper was served to the immediate families. Some 100 guests attended the reception at eight o'clock at the American Legion home in Des Plaines.

The newlyweds will reside in Norwood Park after March 15. The bridegroom is employed by the U. S. Rubber company. Mrs. Schmuck is the sister of Mrs. Hazel Garms, 408 N. Belmont, Arlington Heights.

WANT TO BE A MODEL? TAKE CARE; READ THIS!

A WARNING has been issued by heads of one of the newer industries to young women of America. It is a grave warning, much the same type as that which Hollywood authorities issue from time to time. It is to the effect that girls desirous of becoming photographers' models would do well to stay at home until they are very sure they will have even a 50-50 chance in the overcrowded profession.

New York City is the mecca for these girls who, enticed by the success stories of various models, and encouraged by their friends who tell them they are "every bit as pretty," descend on the city in greater numbers even than those who descend on Hollywood to become unwanted extras. Claudia Cranston writes a blunt, true account of the difficulties in breaking into the modeling profession, in "What Price Glamour" appearing in the March issue of Good Housekeeping.

Miss Cranston quotes the head of the largest and most famous model studio in New York as saying that for every one girl who has the luck and physical qualities to earn even a modest salary, there are ten thousand who find only bitterness and defeat.

A successful model (and there are about 300 in New York) can expect to average about \$25 a week throughout the year. Exceptional ones can hope for as high as \$100 to \$150 but only if they work desperately hard and if they just happen to be the type wanted for particular pictures.

Hillside News

by LEONA GETNER

Don't forget the Wilson P.T.A. meeting to be held Friday, March 9. All members are urged to attend as it is election of officers. Joe Bauer will sing "One Alone" from the Desert Song by Friml. This is the song he is to sing in the operetta in which he has the lead to be given by his school sometime in May. And by request Martin Tadevic is returning to sing, to be accompanied at the piano by Mrs. Wallor. There will also be a quiz.

The Galloping Tea called at the home of Mrs. Wm. Curtis on Thursday and was met at the door with cordial welcome, dainty refreshments were served. A fine social time was had by all.

When the Republican club was organized Friday, March 1, in Arlington Heights. Mrs. Gilbert Klehm was elected vice president. Due to the efforts of Mrs. Klehm and Mrs. Wallor, many Hillside residents attended. Mrs. Klehm extends a cordial welcome to all the women of Hillside to be present at the meeting to be held in the field house April 2 at 2:30 o'clock.

Their many friends welcome back Mr. and Mrs. Fred Campbell from their trip on the west coast.

Mrs. Al Eck visited with her sister, Mrs. Harry Clark, Saturday evening.

Elaine Sargent, Annaliese Dorn, Ann Spasovich, and Marian Ross will sing at the Mount Prospect P.T.A. on Thursday. We are glad to hear Mr. Fricke is able to be up and around again. Mr. and Mrs. Andy Wallor entertained Mr. and Mrs. Gilbert Klehm, Mr. and Mrs. Jim Pies, and Mrs. Harry Clark, at a party Saturday night. Annie Ebitch celebrated her thirteenth birthday last Wednesday with a company of playmates. It was a grand party and we wish Annie many more happy birthdays. Congratulations to Mrs. Lillian Amesen who celebrated her birthday Saturday, March 2. Elaine Sargent and Mildred Buchinger called on Harriet Mecklenberg at Mount Prospect Sunday afternoon.

Mr. and Mrs. George Funk on Rand rd. entertained Mr. and Mrs. O. Kitzelman, Mr. and Mrs. H. London of Chicago, Mr. and Mrs. Leider of Libertyville Saturday evening.

Mesdames Getner, Smith and Grossi, attended the Gleaner's meeting of the Methodist church held at the home of Miss Heller last Wednesday evening. A short memorial was given for Mrs. Kelo by Mrs. Schellhase. After the business meeting a book review was given by Miss Fellingham which was most interesting. Birthday gifts were given to Mesdames Schellhase, Ketterman, Hines, Crofoot, Beat and Getner. A social hour followed.

Thanks for My Wife Starts Fifth Week At Selwyn Theatre

"Thanks For My Wife" starts its fifth week in the Selwyn Theatre, Chicago, with no indication of decreased audience interest, and while this engagement is a limited one booking arrangements now being made may force an early Spring departure from the Loop.

Bobby Crawford, producer of this farce starring Alan Dinehart, Glenda Farrell, Lyle Talbot, left Monday for New York to negotiate contracts for a Broadway theatre and other key cities. Present plans schedule "Thanks For My Wife" to leave about Easter and possibly play St. Louis, Kansas City, Cincinnati, Washington and Philadelphia prior to the New York premiere.

Theatre managers in other cities seem particularly interested in the emphasis placed upon the farcical highlights of this play by the Chicago drama critics, because this type of comedy usually is a guaranteed ticket seller at box-offices of all the road cities.

Ashton Stevens in the Herald-American said that "If you don't see 'Thanks For My Wife' you will

suffer a vitamin deficiency of about 300 laughs—mostly vitamin E." Lloyd Lewis, historian and dramatic critic of the Chicago Daily News thought: "Alan Dinehart is a master of farce."

Glenda Farrell tears through a tempestuous scene of mixed fury and frustration in delightful style. In an earlier day Alan Dinehart successfully discovered the public pulse with such light, farce comedies as 'Applesauce' and 'The Patsy.' Such was the opinion of the Chicago Tribune's Cecil Smith. Claudia Cassidy in the Journal of Commerce, interpreting what she said were hilarious whoops of laughter, expressed the opinion that "Thanks For My Wife," "looked like hilarious farce to send an audience into howls of ribald laughter."

The Selwyn play was written by Joseph Carole and Alan Dinehart in collaboration with Alex Gottlieb and Edmund Joseph. In addition to such former stage favorites in the starring roles as Alan Dinehart, Glenda Farrell, Lyle Talbot, the featured players had established stage reputations before entering the movies and these well-known names include Mozelle Pittman, Austin Fairman, Jack Smart, Archie Robbins and Maqora Keene.

First Job As Auctioneer To Be Shouting Own Sale

Gust Hoeske, farmer at Higgins rd., southwest of Arlington Heights, will perform his first job as an auctioneer by shouting his own sale at his farm, Saturday, March 16. Mr. Hoeske, a farmer in this vicinity for many years, recently graduated from the American Auction College at Rice City, Wis., and is now a member of the American Auctioneer's association. This week his announcement as a full fledged auctioneer appears in this newspaper.

Life Saving Taught Boy Scouts On Thursdays

The annual spring life saving and water safety instruction course for scouts and scouters started last Thursday evening at the Des Plaines junior high school under the leadership of W. R. Sulzbach, member of the troop committee. Troop 25 Des Plaines, a Red Cross life saving and water safety instructor and assisted by Richard Vandy, scoutmaster of Troop 14 Des Plaines.

This course is part of the program of the Northwest Suburban Council Boy Scouts of America and provides the opportunity for scouts and scouters to receive instruction in this important subject. Both the junior and the senior courses are presented. Classes are held each Thursday evening starting at 7:30 o'clock.

Former Palatine Physician Finds Way To Save Life of Baby

Dr. J. G. Clayton, Eaton, Colorado, formerly of Palatine, found a way to save the life of a baby, weighing three pounds twelve ounces. The infant was one of twins, one dying at birth. Daily newspapers in that part of Colorado devoted a lot of front page space with numerous pictures telling about the emergency measures taken to keep the baby alive.

Under the direction of Dr. Clayton carpenters built a home made incubator to be heated with electric light bulbs. The nearest electric line was a mile distant. A force of fourteen men erected the necessary poles and the juice was turned on within 24 hours after the birth of the child. In the meantime the baby was kept alive in an improvised box on pillows with hot water bottles furnishing the heat. The room was kept at high temperature so as to insure against chill.

The home-made incubator is 25x20x20 inches, constructed of wood and metal. A thermometer, pan of water and controls of the electric keep an even temperature of 85 degrees at all times. Warm moistened air passes from the tray at bottom upward around the baby. The top of the incubator is constructed of transparent and translucent glass.

Newspapers reporting the event carried photos of Dr. Clayton, baby in incubator, incubator under construction, home of the parents, linemen erecting the poles, the father and the mother with baby by her side.

The baby has been named Paul Clayton Sullivan.

Many Taxpayers Neglect Deductions

APPROXIMATELY six million headaches and six million bad tempers will bloom simultaneously around the middle of March. Everyone knows that. But everyone does not know that the Government which seems so avaricious in its demand for taxes paid on the nail is usually far overpaid by those who make out their returns in a spirit of swallowing a nasty dose of medicine and getting the whole business over with.

In his article, "Do You Overpay Your Income Tax?" in the April issue of Cosmopolitan Magazine, J. K. Lasser points out the many ways in which the careless citizen gives the Government all the best of it.

Many people overlook the 2 per cent or 3 per cent sales tax on practically every purchase in the United States. They overlook the 2 cents to 7 cents gasoline tax; the 10 per cent dues tax; the 10 per cent theatre tax; telephone toll call taxes; stock transfer taxes; automobile and animal registration taxes, and many more.

Losses arising from burglary, theft, fire, storm, drought, hurricane, flood, freezing, ice, explosion, heavy rains or similar casualties are often overlooked when reckoning day arrives. The difference between the value of property before unexpected damage occurs and after may be claimed, but the deduction may not, of course, exceed the value of the property.

Frequently, untaxable income is faithfully reported and the tax paid thereon purely through the careless philanthropy of the taxpayer. It's all right and the thing to do to be honest with the Federal Government, but it's just bad business to be more careless than you would be in paying a restaurant check or in buying a new hat.

"Gone With the Wind" Will Not Be Cut

Cook County Herald this week in this statement was given to the question will "Gone With the Wind" be cut when it is shown in the Pickwick or any of the neighborhood theatres.

It is to the theater's advantage to not cut any picture and while some very few badly directed and poorly operated theatres may have cut pictures in the old "Silent" days, it is not being done now.

The advertising agents in making their lay-outs for "Gone With the Wind" have used two ad lines that have a tendency to mislead and confuse the movie-going public.

The first line: "This Production will not be shown anywhere except at advanced prices—at least until 1941." Which so far as can be learned is a fact. Any theatre playing "GWTW" this year must play it on the road-show basis and charge the advanced prices—but it will be shown in a great many theatres over the Down-Town first run theatres.

The second ad line: "See it in its entirety, exactly the same as Atlanta and Broadway premieres." Seems to create the impression in the minds of our patrons that the picture will be cut before it is shown in the suburban and small town theatres.

No—"Gone With the Wind" will not be cut when it plays the Pickwick.

Ernest Miner Awarded Certificate For Heroism For Life Saving

Notification has just been received from the National Court of Honor of the Boy Scouts of America that First Class Ernest Miner of Troop 31 sponsored by the Cleveland School P.T.A. of Niles Center, Randolph Brooks, Scoutmaster, has just been awarded the certificate for heroism for saving the lives of a number of children in an automobile accident last summer.

When a number of children were endangered by a speeding car which suddenly bore down upon them, Scout Miner pushed them from the path of the speeding car and in such a way that no fatal injury resulted.

This was a result of quick thinking on the part of this Scout and was done at the risk of his own safety.

This Certificate of Heroism will be presented at the next Court of Honor and Scout Miner, his Troop and his brother Scouts are to be congratulated on this recognition of his heroism.

Tax Collections Set New Record

With the close of collections on February 29, County Treasurer John Toman reports a new record for the collection of delinquent taxes. The Treasurer says under his new Tax Delinquency Bureau, in active operation only two months, since January 1, he has collected \$214,139.48 in back taxes and has commitments of \$420,576.87. These commitments, he says, will be turned into cash as soon as the court approves the intervening petitions now on file.

Toman attributes this record collection, he says, to the fact that delinquents can pay on a monthly payment plan and have 6, 12, 18 or 24 months to pay, instead of being obligated to pay in full, an impossibility in most cases.

With a possibility that the penalty date on the 1939 taxes will be set back to June 1 instead of April 1, delinquents have an opportunity to take advantage of this new bureau. Toman stresses the fact that through the bureau plan delinquents can save their property from forfeiture.

The Rev. C. A. Boecker officiated at services held from 2:30 p. m. to 4 p. m. at the Immanuel Lutheran church Wednesday afternoon. Burial was at Ridgewood.

Lena E. Berg

Mrs. Lena E. Berg, 70, passed away February 24, at the home of her daughter, Mrs. Alex Garland of 701 Garland place, Des Plaines. Funeral services were held from the Walter C. Oehler chapel to Forest Home cemetery.

Mrs. Hermine Burmeister

Final rites for Mrs. Hermine Burmeister of 1543 Ashland avenue, Des Plaines, were observed at the Des Plaines Immanuel Lutheran church at 2:30 p. m. Friday. A resident at the Ashland avenue address for 18 years, Mrs. Burmeister was born in Northfield, Ill., Township August 12, 1865, and passed away Tuesday, February 27, at home.

The Rev. Otto C. A. Boecker, pastor of the Immanuel Lutheran church officiated at the funeral.

Mrs. Burmeister was preceded in death in 1931 by her husband, Peter, who also is buried at Ridgewood. A son, Ed Burmeister, lives at the family home and a second son, Henry, resides at Mt. Prospect.

William Helfers

William Helfers, Sr., a resident of Arlington Heights for the last 32 years, died at his home on Monday morning, March 4, following a serious illness of several weeks. He was 79 years old.

Funeral services are being held Thursday, March 7, at 2:00 p. m., in the Lauterburg & Oehler funeral chapel, and in St. John Evangelical church at 2:30 p. m. The Rev. R. J. Kalwitz will officiate, assisted by the Rev. J. H. Ellerbrake of Hanover township, a close friend of the deceased.

William Helfers was the son of William Helfers, Sr. and Sophie Ott and was born in the Province of Hanover, Germany, on Sept. 13, 1860. Six years later he emigrated with his parents to America. They settled for a brief time in Elk Grove township after which they moved to Northfield township. In 1870 they moved back to Elk Grove township where they lived for 38 years.

The deceased was confirmed in the Lutheran church of Des Plaines by the Rev. Dietrich. In November, 1888, he was united in holy matrimony to Miss Martha Scharrhausen who preceded him in death in 1935.

In 1908 the deceased moved to Arlington Heights and was engaged successively in employment by the John Schlenker mason contractors, the C. & N. W. R. and the Benjamin Electric Company.

The deceased was a charter member of St. John Evangelical church and served his church faithfully for several years as deacon on the church council.

The deceased is mourned by his six children: Mrs. Lillian Adam, Harry, Ben, and Herbert, all who reside in this city, and William, Jr. of Des Plaines, and Mrs. Caroline Elfring of Bensenville. He also leaves one sister, Mrs. Bertha Hahnfeldt of Des Plaines and one brother, Fred Helfers of Des Plaines. Fifteen grandchildren and one great grandchild also mourn his earthly departure.

Interment will be in the Elk Grove cemetery on South State rd.

Elk Grove's Oldest Citizen

MOTHER DEIKE, nee Gathman, 97 years old, seated in the home of her son, E. H. Deike, who resides on Route 53 in Elk Grove township. Born in Germany, Feb. 18, 1843, she came to America with her parents when eleven years old, settling in Schaumburg township, across the road from where she now makes her home. She is probably the only living German pioneer who located in western Cook county nearly ten years before the Civil war. Although she resided 25 years in Ontarioville, she has spent all of her life since childhood within eight miles of the farm on which her parents located after coming to America. Mrs. Deike raised six boys and one daughter. The two sons remaining are Ernest Deike, with whom she resides, and Edward, of Franklin Park. Her only daughter is Mrs. Wm. Esau, of Aberdeen, S. Dakota. Her offspring have become so numerous that she does not know the number. She is in excellent health and was delighted to pose for the above photograph taken by Ken Coffman, Paddock staff photographer.

Ralph E. Church Starts Senate Drive Via Radio

Congressman Ralph E. Church, of Evanston, Friday officially opened his campaign for the Republican nomination for the United States Senate from Illinois by a radio speech from Washington over WMAQ and WENR in Chicago and many Illinois local stations. In his initial speech Church stated he would not leave Washington to conduct his campaign and indicated he would present his views on national problems by a series of radio talks from Washington each Wednesday evening up to the Primary on April 9. Congressman Church has the unique distinction of never having missed a roll call or vote during his entire service in Congress. He said to the voters: "I know you will agree with me that my place is here in Washington," as he reviewed the important legislation pending at this time. Congressman Church is campaigning on his "22 year legislative record" and experience. He was characterized in the introduction as "America's Hardest Working Congressman."

EAST MAINE

MABEL WARNCKE, Editor

The examination of this year's class of confirmands at St. Matthews Lutheran church will take place Sunday, March 10, at 2 o'clock p. m. This year's class is composed of the following boys: Richard Ahrens, Richard Geweke, Wallace Poehls and Wilbert Wilkins.

Election of officers will take place at the Drainage District meetings to be held Saturday, March 9 at 2 p. m. The meeting for district No. 2 will be held at John Lewerenz's home and for No. 5, the meeting will take place at Al Ahrens.

Mary Schwarz, Cumberland ave. was taken to the St. Francis hospital Saturday with injuries sustained when she was struck by a barn door which was blown off in the wind.

Richard Moeller, son of Mr. and Mrs. John Moeller, has also been on the sick list for the past several weeks. Dickie is suffering from rheumatism and heart trouble.

More than one hundred ladies enjoyed the birthday luncheon at St. Matthews school hall Wednesday afternoon, Feb. 28. Hostesses were Mrs. John Ahrensfeld, Mrs. Ed. Altenberg, Mrs. Anna Jensen and Mrs. Chas. Schuknecht.

The East Maine P. T. A. met at the school house in regular session Monday evening. Routine business was the order of the evening. Entertainment was provided by the school children who sang some delightful selections. Plans were discussed for celebrating the organization's tenth anniversary. Satisfactory progress was reported on the rehearsal of the play "Meet My Wives," which members of the P. T. A. are presenting at the Croatian school hall March 29 and 30. Bowling at St. Matthews

again real soon. We still have a number of sick in our community, among them being little Margie Olsen, Hillside ave., who was removed to the Children's Memorial hospital last Friday afternoon suffering from an attack of pneumonia, just at present Margie is getting along very well.

We wish a very speedy recovery to all of the sick and hope to see them all up and around real soon. Mrs. Ruth Ledyard reports that spring is just around the corner, since crocus are starting to peep through in her lawn. Mrs. Nielson also reports that the tulips are peeping out.

Don't forget folks, now that the month of March is here, that you keep the 30th open since that is the date of the Prospect Heights Improvement Association's first annual dance. The committee report that the tickets are going fast and they can be had from any member of the committee at the Sinclair Service Station or from Mr. Roy Hartke, chairman of the committee. The dance will be held at Rand Tower and everyone is expected to have a really grand time. Be sure that you reserve March 30, and attend the dance with all your neighbors and friends.

PROSPECT HEIGHTS SUNDAY SCHOOL

We welcome you on Sunday morning to our new Sunday school in Prospect Heights in the school house at the corner of Schoenbeck and Palatine rds.

If you are not now attending a conveniently located fundamental Sunday school, we cordially invite you to fellowship with us here every Sunday morning from 10:00 to 11:15 a. m. We have a dandy time—lively singing—Bible stories—and a special treat in store for you every Sunday.

There will be classes for all ages. Mr. Foxworthy is Sunday school superintendent and Mrs. Johnson will teach the Adult Bible class.

Some friends of Geo. Huehl surprised him at the Schermerhorn home on Monday evening in honor of his 50th birthday. George is employed at Frank's gas station.

The Boyd family are new tenants in the residence on Wolf rd. recently vacated by the Jacobus.

Mrs. Earl Johnson entertained a group of friends on Wednesday evening, who helped to celebrate her birthday.

Bob Wright was sent home from school on Monday, seemingly threatened with the mumps. However, as all symptoms disappeared the next morning it seems he was just looking for a little vacation.

Mrs. Tom Johnson and baby had a narrow escape on Monday afternoon when the car in which they were riding collided with another in front of the Wheeling Food Shop. She was with Jos. Rutkowski and Bob Oakley, who were turning in at the store when they were struck. Damage was confined to the cars.

The Mesdames Edw. Gieseke, E. Wenzlaff, A. Schultz and J. Bailey, drove to Chicago Wednesday afternoon, the 28th, where they were the guests of Mrs. F. Welter. Mrs. Welter served a delicious luncheon to honor the birthday of her sister, Mrs. Gieseke.

The grade school basketball team met Lincoln school in a tournament game played at Northbrook last week on Thursday. The Wheeling boys lost 16-24, and are hoping for better luck next year.

March 1, rather than May 1, seems to be moving week here. Mr. and Mrs. Wagner are new tenants in the residence vacated last week by the Weigands. Mr. and Mrs. Walter Simila of Evanston, moved into an apartment in the Meierhoff building on Monday. The Edw. Waldrons are the new owners of the property occupied by the Wisconsin Cheese Mart last summer.

WHEELING PRESBYTERIAN CHURCH

Loyalty Sunday, March 10

Morning worship, 10:55 o'clock. This will be the annual consecration Sunday for the church at which time all members and friends are asked to express their continued loyalty to the church.

Sunday church school, 9:30, primary classes only.

Evening study meeting, 7:30. Thursday, March 14, all ladies of the congregation are invited to attend the regular meeting of the Ladies' Aid society.

Friday readers of the Herald are reminded of the card and bunco party being held this evening to benefit the P. T. A. Spend an evening with your neighbors and friends, play cards, enjoy refreshments all for 25c.

The March Child Health conference will be held at the school next week on Wednesday afternoon. Mothers of young children living in the village and surrounding farm community, are urgently invited to bring them to the conference.

A new blanket club series was launched by Wheeling Chapter O. E. S. last Tuesday evening. The first winner in the new club was Mr. Walter Gieseke of Deerfield, husband of the matron of the chapter.

The Weigand family moved to Weatherby, Mo., last week. Owning a farm there, Mr. Weigand decided to operate it himself with the aid of his family. The Weigands have been Wheeling residents the past four years living in the Ortegge residence on Dundee rd. Frank Schermerhorn moved the Weigands to their new home.

The Kruses, Bingham, Carpenters, Ellwoods, Habens and Persons were guests at a house party given by Sears of Barrington, last Saturday evening. Mr. Sears was the director of the former Childerley band and orchestra.

The John Day family has moved into a flat in the Meierhoff building, coming from Northbrook.

Mrs. Geo. Sicks returned home last week after enjoying two months in Florida where she lived with relatives wintering there. A highlight of the vacation was an aeroplane trip to Havana, Cuba.

The James Craig family moved to their new home on Walter ave., Northbrook, last Saturday. The Craigs were residents of Wheeling for the past three years, residing on Wille ave. and will be missed in community life. Mrs. Craig has been an active member of the Mother's Study club and has invited the mothers to come to Northbrook to meet with her this week. We are sure the mothers will attend 100 per cent.

The Ladies' "500" club met with Mrs. Jas. Bailey last week. Prizes were won by Mrs. Wm. Laurance, Mrs. A. Pieper and Mrs. Emma Grewe. The hostess pleasantly surprised Mrs. Pieper when she brought out a birthday cake in her honor, during refreshments.

A group of small playmates gathered at the Scanlon home last Saturday to help Joyce celebrate her sixth birthday.

Ten members of Wheeling Camp Royal Neighbors enjoyed attending a combined anniversary meeting, Friend's Night and initiation meeting of Deerfield Camp last week on Wednesday evening.

The Andrew Andersons entertained the following neighbors on Saturday evening, Mr. and Mrs. Christ Kraus, Mrs. F. Schermerhorn and daughter and Geo. Huehl.

Mr. and Mrs. Robert Hartman and Mr. Jos. Muto returned from their western trip on Monday, having been away five weeks. They also made a short visit to relatives in California. On the return trip they stopped at Hot Springs where they spent the past two weeks.

Chief Ray Lesch Finds Police School Interesting

The Village Board met for its regular meeting on Monday evening. Fines reported for the month of February were \$37.00. Delinquent water bills were presented and the clerk was authorized to send final notices for collection.

Faulty drainage from the Dundee highway just west of the river was reported. The street and sidewalk committee were ordered to contact Mr. Homer Catt, highway superintendent in regard to the same.

The firemen reported that the annual meeting of the Cook County Firemen's Association will be held in the Wheeling gym next Monday evening and invited the board to be present.

The police chief, Ray Lesch, gave an interesting report on the police school which he is attending along with 125 other policemen at Lake Forest once a week. The course is proving very instructive and is conducted by leading authorities in the field.

Carl Reilary of Strong st., who is employed at Hubbard Woods was at home several days last week because of illness.

Mr. Matt. Abbink, of Evanston, son-in-law of Mr. Ernest Garpow, passed away suddenly on Monday afternoon, Feb. 26. Mr. and Mrs. Garpow have been making their home with the Abbinks this winter.

Mr. and Mrs. Fred Cargill arrived home on Sunday from a six-week motor trip to California. They report a very successful journey and a delightful visit with relatives and friends, with whom they divided their time. They spent several weeks with Mrs. Cargill's brother and sister in Ventura and Hollywood and Mr. Cargill's aunt in Los Angeles. They also drove up to Oakland where they spent three days with the Frank Behms.

Sands of Time

Ten miles below Washington, N. C., there are hoofprints which have been there since one Sunday in 1813, when a horse ridden by a drunkard threw his rider. The old people of the community said it was a warning to stay sober and not to race horses on the Sabbath.

Head of the Class—and fit to be Tried!

THERE are a lot of things about this stunning 1940 Buick to claim your attention—that is, if you really want to know what's what in motorcars.

For instance, you've got to admit that its style has done a lot to brighten up and beautify the boulevards.

And, from the way folks are swinging over to Buick, it must have something value-wise that's important for you to measure.

What you hear about its quick-off-the-mark engine and the silkiness it gets from balancing after assembly certainly calls for inquiry.

Prices Begin at \$895 for Business Coupe—Sedan prices start at \$955—*delivered at Flint, Mich. Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.

So do the rave notices BuicOil Springing gets and the talk you hear about five-foot front seat room in the SUPER

and its Foamtex cushions soft as a down puff.

But skipping this—even skipping the fact that Buick's prices are lower than some sixes—there's one thing that alone is enough to send you hot-footing to your Buick dealer.

That's the obvious fact that as Buick goes these days so goes the industry.

It set this year's pace last year—and right now it is plainly the car others will be like "some day."

So do the obvious thing. Go try out this superb traveler.

Even if you don't discover that Buick is an immediate "must," you'll decide you'll never be really happy till you have one.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

"Best buy's Buick!"

High Spots on Record-Breaking Run

Signs of the times in a motor age—these highway markers tell the story of a two-year, 100,000-mile truck test run recently completed by Chevrolet. In Canada, Mexico and every state of the Union, the truck operated on all types of highways and under every conceivable weather hazard, setting a new world mark for sustained and certified automotive operation, under the sanction and official observation of the American Automobile Association. The unit carried a 4,500-pound "payload." An average of 15.1 miles per gallon of fuel was maintained throughout the 100,000 miles, at an average operating speed of 33.07 miles per hour. Oil mileage was correspondingly high—1,072 miles per quart.

WE DELIVER (2-96f)

Traffic police can and should devote more of their time to protecting pedestrians. Such a program, however, must be given strong community support to be effective. Newspapers and civic groups can aid greatly.

Some traffic specialists have suggested that pedestrians involved in accidents be required to file a regular report with the police department, if they are able to do so.

I firmly believe that city ordinances should prohibit jaywalking and crossing between intersections. If we have regulations for the conduct and behavior of the automobile driver, why can't we have regulations for the pedestrian? The automobile driver is not always to blame in these cases, and oftentimes he is subjected to some hair-raising experiences because of the crazy walking habits of some people.

More attention to the enforcement of the pedestrian phase of the traffic problem is badly needed. Many cities have tried this and the accidents have been reduced considerably.

How to Avoid EYESTRAIN

No matter how bright the light or how large the type, your eyes cannot see without strain unless they are in good condition. Eyestrain is an enemy of health. It causes nervousness, indigestion, and headaches and unless it is cured for in time, it might seriously injure delicate eye muscles. There is only one sure way to guard against eyestrain—have your eyes examined. Sometimes you yourself don't even know when this common trouble is taking its toll.

"BOSSY" GOES TO SCHOOL

MANY CHICAGO CHILDREN SEE COW FOR FIRST TIME

Milk Foundation Builds for Increased Milk Consumption

For the thousands of boys and girls in the Chicago Area who have never had the opportunity of being on a dairy farm, or of even knowing exactly what a dairy cow looks like, the Milk Foundation, an educational health foundation, organized by members of the Pure Milk Association together with their co-operating dealers, has created its special "cow and calf" project.

This project consists of taking a cow and her calf around to the hundreds of schools in Chicago and its suburbs and letting the youngsters get a first hand view of "Bossy" to see and learn just how milk is made.

Then, after each visit, special graded literature on the nutritional

importance of milk is sent to the schools where the teachers use it as a complete supplement for a series of health lessons. (In addition to such specialized projects, the "regular" requests received by the Foundation from teachers amount to well over 25,000 each school year. These, in turn, represent between 40-50 students per teacher—or approximately 1,250,000 children!) Thus, we may be sure that the Milk Foundation school program is making for a more health-conscious and therefore, more milk-conscious community—all of which means that the dairy farmer has and will continue to have a steadily growing market for his product.

The benefits of such a school program cannot be overestimated. A health education organization such as the Milk Foundation, can, as Carl F. Deyens, manager, puts it: "help to bring about higher standards of physical health through spreading the knowledge of milk's nutritional value and in addition as milk consumption increases, the dairy farming community becomes more prosperous."

New U. S. Seed Act Now In Force For Illinois Seedmen

Provisions of the new federal seed act are now effective in Illinois and have since February 5 insofar as imported seed and agricultural seeds in interstate commerce are concerned, it is pointed out by J. C. Hackleman, crops extension specialist of the University of Illinois College of Agriculture. The effective date for provisions relating to vegetable seeds in interstate commerce is August 9.

Marked improvement in the quality of seed made available to farmers is expected to result from the new act, which makes mandatory the proper labeling of seed shipped in interstate commerce.

Rules and regulations for the enforcement of the act as approved January 2 by the U. S. Department of Agriculture and Treasury appear in the January 4 issue of the Federal Register which is being made available to interested persons by the Agricultural Marketing Service of the U. S. Department of Agriculture, Hackleman said.

These rules and regulations explain the procedures to be followed in administering the act. Preparations are under way for more detailed explanation so that all persons affected may easily understand the requirements of the act and regulations will be available later for distribution.

Promulgation of the rules and regulations followed their consideration by U. S. Department of Agriculture officials, state seed officials, seedmen and representatives of consumer and producer organizations. Proposed regulations were discussed at conferences held in early November, 1939, at San Francisco, California, and Kansas City, Missouri, and at a formal hearing held in Washington, D. C., November 27.

"It was impossible to include in the regulations all of the many suggestions received," Mr. Kitchen, chief of the agricultural marketing service, said "because of the necessity for considering the best interests of all individuals concerned. The act is expected to be far reaching in extending protection to users and handlers of seeds. And it will be our desire in administering the act to develop a practicable application of its intent."

Since the passage of the federal seed act on August 9, 1939, considerable interest has been expressed in a desire for adopting or amending state seed laws and regulations to make them consistent with the new federal act and its regulations. It is reported that much interest is being shown by such organizations as the National Association of Commissioners, Secretaries and Directors of Agriculture, the Seed Council of North America, the American Seed Trade Association and the Association of Official Seed Analysts in the possibility of amending the model state seed law which has served generally as a pattern for state seed legislation since 1917. It is believed that a model seed law, amended in light of present needs, would encourage uniform state legislation with uniform labeling requirements and would permit close correlation in the administration of the federal and state seed laws.

Small Farms May Easily Earn \$20.00 Soil Building Payment

"Any small farm with no more than 20 acres crop land can earn a \$20.00 soil building payment in the 1940 Soil Conservation program," says Henry Ceweke of the Cook County Soil Conservation committee.

On such farms 85% of the crop land may go to vegetables and 15% to general crops. The payment may be earned by (1) use of lime, (2) rock or acid phosphate on any legumes on any soil conserving crop, or (3) by plowing down cover crops. Applicants may go to either office or see their local committee man.

Ventilation Is Problem In Housing Poultry

"Ventilation, is without doubt, the most important problem in poultry housing," said Mr. H. H. Alp, Extension Specialist in Poultry Husbandry in discussing "Poultry House Construction and Management" at the fourth session of the Poultry School in the Blue Island Farm Bureau, Tuesday evening, February 27, reports assistant farm adviser, Charles N. Glover. Mr. Alp also said that poultry problems vary from farm to farm and there is no set rule that can be applied.

Fundamentals of Good Housing
By the use of slides Mr. Alp pointed out many practical ways of solving poultry housing problems. He listed the following as fundamentals of good housing:

1. Have a good floor.
2. A good location for air and water drainage.
3. Four square feet of space per bird.
4. Cost of house should not exceed \$2.00 per hen.
5. Some insulation should be used.
6. Ceiling should be only high enough to clear a person's head.
7. Avoid narrow houses.

These fundamentals are taken into consideration in the plan for a straw loft poultry house in circular 501 of the University of Illinois. This publication may be had by writing the University at Urbana, Illinois or calling at your Farm Bureau Office.

Truckers Swamp State With Applications

The large number of applications received just prior to March 1 has retarded the examination of applications for compliance with the new Illinois Truck Act and the issuance of certificates or permits by the staff of the newly-created motor commission, according to the Illinois Agricultural Association.

Although March 1 was the deadline for filing applications to comply with provisions of the new act and for truckers to protect their "grandfather-rights," state police have been instructed to delay inspection of trucks for the required windshield safety stickers until April 1.

Injunctions to prevent the enforcement of the Illinois truck act have been sought in the circuit courts of Sangamon and Cook counties. Truckers seeking the injunction attack the validity of the law on the basis that it far exceeds the powers enumerated in the title of the act.

Vitamin Lack May Be Cause Of Many Aches and Pains

Some of the aches and pains which have been chasing themselves up and down the physical framework of human beings for many years might disappear if people paid more attention to the amount of vitamin B they are getting.

To be more specific, it's really vitamin B-one, called thiamin, which is causing so much discussion in nutrition circles, these days, says Miss Julia Outhouse, professor of nutrition, University of Illinois, College of Agriculture. This elusive-sounding substance is found most prominently in whole-grain cereals, so it might behoove more people to see that they have whole wheat bread, or oatmeal, or granola muffins for breakfast. Vegetables and fruit contribute some, what to the vitamin B-one supply, as do nuts and legumes and pork.

While eating vitamin B-one in generous amounts does not absolutely guarantee that one's individual ailment will disappear, says Miss Outhouse, still, several physicians have proved that certain types of neuritis are due to a lack of the substance. Two examples are the neuritis of pregnancy and the neuritis of chronic alcoholism. Pains and numbness accompanying several diseases have been dramatically relieved within a few days by this B-one. Furthermore, doctors believe that the pain, numbness and muscle weakness which accompany many diseases are merely variations with one cause—lack of thiamin.

All physical difficulties, of course, cannot be attributed to one specific source, but it might be a good idea for people who feel "all dragged out" and incapable of a full day's work to see if they haven't been getting a "little too little" of vitamin B-one, says the nutrition authority.

Thiamin-deficient persons often are the victims of such digestive disturbances as ulcers, constipation, loss of tone of the digestive tract and lack of appetite. Authorities, also are finding that there seems to be a close relationship between lack of thiamin in the diet and the ailment edema, and also between lack of thiamin and heart disease.

Folks who have been going glibly along filling up with refined foods and starchy rich foods instead of fruit, vegetables and whole-grain cereals, are not much wiser than the oriental person who eats refined rice and then wonders why he suffers from the deficiency disease, beri-beri.

Five Conservation Practices Are Being Stressed in Illinois in 1940

It's nearly spring planting time again, and as Illinois farmers make their cropping plans they are putting special stress on five practices designed to help get greater conservation of soil, water and human resources.

These five practices which the forces of the University of Illinois College of Agriculture and of the U. S. Department of Agriculture have united are the spreading of more limestone, pasture improvement, growing of more legumes and grasses, tree planting and contour farming.

Limestone "sweetens" sour soil and makes it capable of growing soil-building legumes. The top picture at left shows limestone being loaded from a freight car to a truck preparatory to spreading it on acid

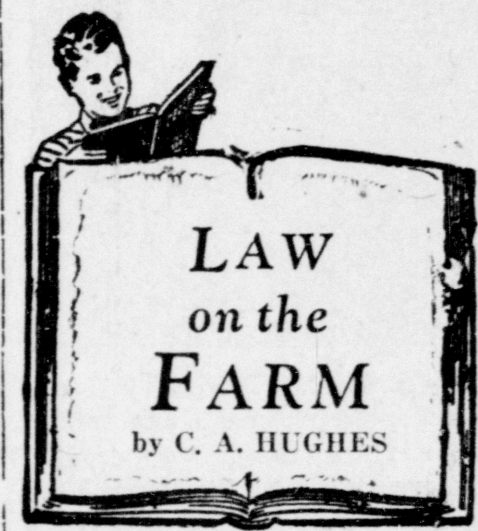

soil. Spreading of limestone has increased from 300,000 tons used by Illinois farmers in 1920 to nearly 1 1/2 million tons spread in 1939.

Good pastures help conserve the soil, reduce soil erosion and increase livestock gains. Hundreds of Illinois farmers have improved their worn-out pastures during the past few years by proper soil treatment and by seeding legume and grass mixtures, with results similar to those shown at upper right.

Legumes are soil builders. When inoculated, they obtain nitrogen from the air instead of sapping it from the soil. The field of red clover in bloom, at lower left, is a good example of one of the leading soil-building legumes in Illinois. Others include alfalfa, sweet clover and lespedeza.

Nearly five million trees have been sold in Illinois by the state division of forestry since January 1, showing the interest in tree planting as a conservation measure. The lower center picture shows a tree-planting scene which is common on many farms at this time of the year.

Contour farming, an example of which is shown at lower right, is one of many soil erosion control practices being carried out by Illinois farmers in 1940. It not only is a soil and water saving measure but also conserves mechanical power and human energy, since the farmer using this system follows the level contour of the land, instead of the old system of working up and down the hill. Other erosion control measures include terracing and gully control.

Mechanic's Liens—As early as 1825 the Illinois Legislature determined that persons who furnish materials, labor or skilled service for the construction of buildings should have a claim against such buildings for payment. Under present law this claim extends not only to the building but to the owner's interest in any land connected with the building. The lien attaches to the property on the date of the contract for service or materials. The existence of a contract is necessary as a basis for the lien. However, such a contract does not have to be in writing. To be effective against other creditors, this lien must be either foreclosed or filed with the clerk of the circuit court within four months after the contract is completed. Lumber dealers, material men, architects, carpenters, painters and contractors and their laborers are examples of persons entitled to the lien.

Generally the law applies to buildings and permanent fixtures. Improvements or repairs to buildings, such as roofing, porch or room additions, bath installations, etc., entitle the material men and contractors to a lien. However, the Illinois courts have said that the sale and installation of lightning rods, building of fences, furnishing of fence posts and the moving of buildings do not constitute the kind of service and material contemplated by the act and that the lien does not apply in these instances.

Any property against which a mechanic's lien has been foreclosed may be redeemed by paying for the services or materials plus costs and interest.

In the purchase of farm prop-

ties; 2 rockers; 2 ice boxes; 3 floor lamps; 14 chairs and stools; 2 couches; army cot; folding cot bed; porch swing; kitchen sink and many other articles.

Good Livestock
15 feeding hogs, 40 to 125 lbs. each; 2 boars, weight 125 lbs. each; 1 boar 16 months old.
Feed

GUST HOESKE, Auctioneer

erty it is important that the buyer exist, the purchaser of the property, on failure of the original owner to pay the secured indebtedness, will either have to pay the obligation or suffer a foreclosure against his property.

The mechanic's lien should not be confused with the lien accorded garagemen and others for labor or

storage in connection with chattels. This lien will be discussed in a later number of this series.

The law on mechanic's liens may be found in the Illinois Revised Statutes, Chapter 82, sections 1-39. Find out if any unsatisfied mechanic's lien exists against the house, barn, crib or other farm buildings and improvements. If such claims

Melvyn Douglas Leading Man of Greta Garbo In "Ninotchka" At Palatine

"Ninotchka," which comes Sunday for four days to the Palatine Theatre, presents the Swedish star in whimsical situations and brilliant dialogue under which runs a dramatic story. Melvyn Douglas is her leading man for the second time, having first played opposite Garbo in "As You Desire Me." Ina Claire, Bela Lugosi, Felix Bressart, Sig Rumann and Alexander Granach are among the players. The locals are Paris, Moscow and Constantinople.

Joe E. Brown, who has appeared in more than fifty pictures, makes his first bow as an officer of the law in Columbia's "Beware Spooks!" next Thursday, Friday, and Saturday, double featured with "The Private Lives of Elizabeth and Essex."

James Stewart, who co-stars with Marlene Dietrich in Universal's "Destiny Rides Again," playing Sunday, Monday, Tuesday and Wednesday, is the screen's tallest star. He's six feet four. The picture is co-featured with Ninotchka.

Triple Hit Show At Des Plaines Sunday

A triple hit program opens Sunday at the Des Plaines Theatre headed by the musical treat, "The Great Victor Herbert." Allan Jones and Mary Martin, singing stars are featured in this delightful film, with Walter Connolly. Hit number two on the show is the Robert Taylor, Greer Garson, Lew Ayres co-starring romantic comedy, "Remember?" Number three in the hit parade are the ringside pictures of the Joe Louis, Arturo Godoy world championship heavyweight prize fight.

"Mr. Smith" Is Greatest Capra Film

"Mr. Smith Goes to Washington," Frank Capra's latest Columbia hit, co-starring Jean Arthur and James Stewart, plays Sunday, Monday and Tuesday at the Arlington Theatre.

Hailed from coast to coast as Capra's most brilliant screen achievement, "Mr. Smith Goes to Washington" is justifying that acclaim by shattering all records of previous Capra successes. "Mr. Smith Goes to Washington" presents Stewart in the title role—a sincere, idealistic young man who overnight becomes a national sensation. Miss Arthur is cast as secretary to Stewart when the latter is appointed to fill an unexpired term in the United States Senate. Complications both serious and comic crowd upon one another in swift succession, mounting to a climax that makes audiences want to stand up and cheer.

Frank Craven Again Takes Small Town Character Role

Fortunately for those folks who like to see the veteran character actor, Frank Craven, in the homely small town character roles on which he has built his fame, Producer Charles R. Rogers was able to secure Craven's services for a

MARLENE DIETRICH and James Stewart in a characteristic scene from the history-making western classic, "Destiny Rides Again." This picture and Greta Garbo and Melvyn Douglas in "Ninotchka" will be the double bill presented at the Palatine Theatre for 4 days starting Sunday through Wednesday.

It Happened Here

The retired railroad man who keeps up his place with relentless vigilance was busy sweeping the latest snow from his walks. "Ever since last October," he said to a passer by, "I've been sweeping leaves or snow from these walks, seem as though." The latest snow trimmed the tree branches with soft, furry Mei-Meis, climbing up and up to fall with fluffy plops on to the walks or on heads and hats, even playfully down coat collars. February gave us a spectacle, with the full moon rising in splendor and Jupiter, Venus and Mars, in close accord, gemming her path to the west; a sight we shall never be likely to see again unless we plan to live twice or three times our present age. We are planning to loan our squirrel to a circus; he can wash his hands and face in the snow. He must be related to "Shapawee. The Jumper" who "lives at the rate of about a hundred miles an hour, ever in a state of delicious activity." Shapawee, that's our squirrel. From a local Colorado paper: "Clem Lovison of Canon City purchased the Manzanola theatre building last week from H. W. Fox of Fowler and plans to open a motion picture show there. Fox recently leased the building for onion storage, and Lovison will be unable to open the theatre until the onions have been moved..." Miss P. says leap year ain't going to be a mite of use to her, caze he ain't in town.

No Honking, Please
Horn honkers are on the spot in Spokane. Police Judge Frank Yuse has a distinct aversion to such practice. He fined C. L. Atkinson \$1 for each of three toots on his car horn and said Atkinson's desire to attract a friend's attention was no excuse.

Behind Scenes In American Business

By John Craddock

New York, March 4.—Business—Another two months of gentle downward sloping in the business curve, then a gradual turning upward that should continue through the latter half of the year—that seems to be the consensus. Nobody seems much alarmed that the industrial index slumped from the all-time high of 128 (for December, 1939) to 120 for January and is expected to glide on down to 110 for February, because this is the "natural follow-up" to any feverish "stocking up" such as came with 1939's final quarter. Some time late this month the production and consumption figures will draw level with each other—and what happens at that point will show how the wind blows for the second quarter. Meanwhile, some industries still have big backlogs of orders to keep them buzzing. Aviation is still the fair-haired boy, with backlogs of some \$700,000,000 on the books and plans for hitting a \$800,000,000-per-month production pace before the year is out. Others sitting pretty are electrical equipment, machine tools, shipbuilding and transportation equipment.

Washington.—On the surface, you might get the impression that the hallaballoo being raised about the census-taking questions being too personal and "prying" was in the same vein as anti-New Deal complaints against business baiting and bureaucracy. But it is interesting to note that, actually, "business" has long desired answers to questions of this kind, since statistics on geographical distribution of income by ages and occupations are obviously of considerable value to makers, distributors, sellers and advertisers of goods. Besides, these same questions have been part of the census query schedule for 75 years. And there has never been much objection to "questions included in the housing census, some of which like "how many bathtub, if any, have you?" are a sight more "intimate" than any being put by the population counters.

It's Fix-up Time.—Although private residential construction in 1940 according to F. W. Dodge corporation findings, may hit only 61 per cent of the fabulous 1929-29 pace, the billion-and-an-eight-dollar worth this would produce for the 37 most easterly states will be augmented by probably another

Don't Steal Time From Your Friends

TIME, that most fleeting of all our treasures, is the one treasure which is most subject to theft from our friends. People who wouldn't think of stealing a silver spoon or borrowing one's automobile without authority will drop in for a visit without ascertaining their host or hostesses' plans or desires. Such visits, according to Lydia Hewes, who steps out and speaks her mind on the subject in the March issue of Good Housekeeping, are an imposition and a trial on friendship. The housewife who has managed to steal an hour from a busy day full of children, cleaning and cooking, to read a few pages of a new book; the husband and wife who settle down to a comfortable at-home discussion of plans; the bachelor or single woman who is yearning for a little free time to listen to new records are all at the mercy of dropper-inners. No matter how hospitable people may be, there are bound to be times in their lives when they have an imperative desire to be alone or to carry on with their own activities. Some women get around the pestiferous problem by designating certain "at home" days. If people want to drop in then, they are welcome; if they choose another time, they have no right to complain.

quarter billion for home "fixing-up." Tools for this trend are new materials and devices for making older homes more livable. Traditionally, first home spots to be brightened are kitchen and bath. A fast-selling item is a small electric ventilator fan, that fits in one pane of a kitchen window. Another is a collapsible work shelf with a battery of electric outlets. One of the most popular spruce-up devices for these rooms is a thin, neat rubber wall covering which comes in a wide range of colors with contrasting trim. Like most of the new items this covering, called murgomme, can be installed by the man of the house in his spare time. Another useful device is a portable timer switch that turns any kind of electrical appliance on or off at any set time. Prices are low and with smart promotion should vastly stimulate "fix-up fever."

Bits O' Business.—Makers of drug and food products are turning to larger packages and multiple-unit offerings in their efforts to cut distribution costs—two quart containers, both glass and cardboard, are being tried in larger cities for milk; coffee is being packed in two-pound containers, toilet soaps are being cast in oversize cakes, toothbrushes sold by pairs and half-dozen. Surplus soil moisture is now ample in many parts of the country, including the heretofore extremely dry Midwest. A merchant who figured that the \$60 worth of work his employees did on February 29 (Leap Year's extra day) was "velvet," sent a check for that amount to Finland's war chest—P. S. The man is Scotch. U. S. railroads set a new record in freight train average speed in 1939, of 401 miles per day; the 1938 mileage was 398, and back in 1920 it was only 247. British Empire tobacco interests are figuring on resuming buying of American leaf tobacco, halted last September to conserve foreign exchange.

Mining Prospect.—Domestic mining of manganese, a metal indispensable to steel manufacture, has been a long-standing subject of debate. Deposits have been officially charted in 38 states. Detachable and profitable manganese mining industry in the U. S. has been the uniformly low grade of our domestic ores and lack of a process for concentrating them for sale at competitive prices. Key to a solution of this impasse was given at the annual meeting of the American Institute of Mining and Metallurgical Engineers when Fred S. Norcross, Jr., resident manager of the Cuban-American Manganese Corporation, for the first time revealed details of the process which has

enabled Cuban manganese to be sold here competitive with foreign ores. Crux of the message was Norcross' statement that "development of this process in Cuba is significant for its possible application to domestic manganese deposits, which are of a grade similar to the Cuban ores."

Chameleon's Colors
The chameleon does not arbitrarily imitate the hue of the object on which it rests, nor is the process wholly under its control. The changes are reactions to certain conditions of light and temperature and to various emotional states, such as fear and anger. The physical cause may be traced to two differently colored layers of pigment under control of the nervous system. The best known species is ordinarily a greenish-gray, from which it changes to emerald green or to dull black, sometimes showing reddish or yellowish spots

Pirates Reach Semi-Finals Of Regional Cage Tourney

Palatine Outpoints Waukegan In Three Quarters But Loses

First Round

Palatine 25, Highland Park 17.
Waukegan 41, Maine 26.
Lake Forest 39, Niles 24.
Libertyville 35, Elia 27.

Semi-finals

Waukegan 46, Palatine 37.
Libertyville 22, Lake Forest 17.

Final

Waukegan 47, Libertyville 27.

Palatine played much better basketball in the Waukegan Regional tournament than in the Waukegan District, but was in the toughest bracket and fell before Waukegan 46-37 in the semi-finals after beating Highland Park 25-17.

The Pirates gave Waukegan their hardest game of the tournament but the man power and speed of the big school combined with a shooting record of 39 percent was too much for Palatine. At that the Pirates outscored Waukegan in every quarter except the second.

Palatine ran up a 7-0 lead in the first three minutes of the game and led 12-11 at the quarter. In the second period Coach Brown sent reserves in for Waukegan and led by Smrtnik, who sank four hook shots, the Purple and Gold team took a 29-18 lead at the half. The Pirates came back strong and played Waukegan on better than even terms throughout the second half. An unusual fact about the game was that Palatine outscored the Waukegan regulars when they were in the game but lost out against the reserves. Palatine's inability to keep up with Waukegan's fast break decided the game. Waukegan scored very little once the defense was set.

Palatine made 17 out of 24 free throws while Waukegan hit 10 out of 18. The Pirates connected for 10 field goals in 39 attempts for 25.6 percent while Waukegan parted the nets for 18 goals in 46 shots for 39.1 percent. Hollinger scored 16 points for Palatine to top both teams while Smrtnik made 12 for Waukegan. Hence, leading scorer of the suburban league, was held to two field goals.

Beat Highland Park 25-17

Palatine played one of their best games of the season in the first round when they whipped Highland Park's Suburban League quintet 25-17. The Pirates led all the way after piling up a 7-0 margin at the quarter. Palatine played a slow deliberate game against Highland Park's zone defense, working the ball around for good shots and making nine out of 30 attempts. The Pirates played a smooth passing game and were wily out in front 21-10 starting the final period. Hollinger and Snyder combined for 15 points while the rebounding and defensive playing of DeBerger and Hildebrandt won praise from the Waukegan sports writers.

Scouts Upset Niles

Lake Forest turned in one of their best games of the season to nip Niles 39-24 in the opening round in the lower bracket. Boyk, who counted 230 points in 12 Northeast conference games, was held to a single field goal by Lake Forest while Karstens, Cascarano, and Lohman were penetrating a weak Niles defense for 35 of the 39 points. Lindenmeyer's rebound work stopped Niles cold.

Miller Shoots 11 Baskets

Ela of the Northwest Conference fell before Libertyville 35-27 but put up a good game. Ela was not hitting the basket up to par while Libertyville's giant center, Miller, was really "hot" with 11 baskets to his credit.

Lake Forest, after a brilliant effort against Niles, had little left for Libertyville in the semi-finals but at that almost beat the Wildcats in a slow game. The Scouts missed numerous under the basket opportunities while Striver just often enough to pull the Wildcats through in a typical low score Libertyville victory. The score was 12-10 starting the final period, giving evidence that the lower bracket had nothing to compare with Waukegan for the championship game.

After being slowed down for three quarters by the lanky Libertyville five, Waukegan went on a 25 point scoring spree in the final to snow under the Wildcats 47-27 in the championship game. Waukegan led 10-8 at the half.

Mac Says-

by GERALD A. MC ELROY

The last lap in the race to get in the select sixteen is on this week as the best in the state sectional eliminations. Of local interest the tournament at Elgin holds the spotlight this week. The games at Elgin which started last night will probably be as good as those at Champaign in the state finals next week. Tonight Morton versus Dundee brings together a pair of the best in the state. Libertyville's sectional bid will be against Sycamore in the first game. With Waukegan, Waterman, Glenbard, Morton, and Dundee in the same tournament local sport fans have a grand opportunity to see Illinois basketball at its best.

Wildcats Go To Sectional

Libertyville was the only Northeast or Northwest school to get into the sectionals. The Wildcats beat Elia and Lake Forest but lost to Waukegan by 20 points in the final of the regional. Only three other schools of the local conference made the semi-finals. Crystal Lake fell before Dundee 55-40 after beating Harvard 48-36. Palatine lost to Waukegan 46-37 after beating Highland Park 25-17. Lake Forest dropped a 22-17 decision to Libertyville after defeating Niles 39-24.

Rockenbach Scores 40

Crystal Lake found Dundee red hot on shots and lost their chance to go on from the regional. Rockenbach certainly did his part for the Lakers by scoring 40 points in two tournament games. "Rock" made 13 out of 15 free throws as well as five field goals against Dundee.

Colored Wonder Team At Bensenville

The RENAISSANCE, world famous colored cage stars, will appear at Bensenville this Sunday night at 7:30 p. m. against Iroquois A. S. C. according to Manager Geo. Kouzmanoff of the Bensenville Iroquois.

In booking the colored cage stars here, the management has promised to show the basketball fans from Bensenville and other communities the best court attraction in the country as proven by their accomplishment in winning the first staged World's professional championship tournament held in Chicago in 1939.

The Rens, as they are better known, in the last 16 years have played in every large city and virtually every small hamlet, are including this city on their annual coast to coast tour.

in the West Suburban League are very unusual. In an eight team league four teams tied for second place and that by merely winning half the games. Riverside took first with 12 victories and no defeats. LaGrange, Maine, York and Downers tied for second with but six victories and six defeats. In the heavyweight division only Glenbard, LaGrange and Downers won more than half their games.

Hebron Has a Good Chance

Hebron with less than 90 students is a favorite to reach the state meet this year. The giants from the small school beat Dundee Saturday 37-24 for the regional title and this week are favored to cop the Rockford sectional. We expect Freeport to give Hebron the toughest opposition. Hebron has an outfit averaging six foot two inches in height and only one regular, Capt. Johnson, is a senior.

Name All-Regional Team

The Waukegan News-Sun picked an all tournament team at the close of the recent regional meet naming Hollinger of Palatine and Pierce of Waukegan at forwards; Miller of Libertyville, center; and Strand of Libertyville and Bried of Waukegan, guards.

Praise Hollinger

In speaking of Hollinger the News-Sun comments as follows: "The third highest scorer of the Northwest Conference race, which his team won, Flash of Palatine was dynamite in the tourney. Small, aggressive and a great ball handler, Hollinger made 24 points in the two games played before his
